Sensor for Fresh Water, Fuel & Waste Tanks

Product Specifications

Code:
196909-11, 197365
& 197367

Code:
197347-64

- **Material:** The main body is made of SS316 stainless steel
- **Mounting:** 5 x M5 screws (SAE standard)
- **Operating temperature:** (-40°C) - (+85°C)
- **Rated power:** 125 mW
- **Wire:** PVC material
- **Resistance control signal:** 0-190 Ohm or 240-33 Ohm (fuel and fresh water tanks) and 240-33 Ohm (waste water tanks)
- **Rated current for alarm switch:** 500 mA
